

International Symposium on Superconductivity and Magnetism (ISSM 2019)

August 20-22, 2019, Xi'an, China

<http://www.wsaugust.org/conference/ISSM2019/>

This Conference will cover issues on Ancillary materials for superconducting applications, Applied superconductivity, Electromagnetic compatibility, High-temperature superconductivity, Magnetic semiconductors and other related topics. It dedicates to creating a stage for exchanging the latest research results and sharing the advanced research methods.

Call For Papers

Accelerator magnets
Ancillary materials for superconducting applications
Applied superconductivity
Biomedical diagnostics and imaging
Cables (HTS, LTS), CICC, and current leads
Critical current and flux pinning
Intermetallic and other hard magnets
Large superconducting and related systems
Levitation, transportation, and propulsion
Organic and carbon-based spin transport
Permanent magnet materials
Soft magnetic materials
Spin transfer torque
Superconducting electrical power devices

Publication

All the accepted papers will be published by a peer-reviewed open access journal
